

BidBuy Importers works hand in hand with San Juan Airlines to help travelers get themselves and their vehicles across the border in the most efficient way possible. San Juan Airlines will fly you and your family (including pets) from the Boundary Bay and Abbotsford Airport's (30 and 45 minutes north of US border), to Bellingham Airport (30 minutes south), while we transport your vehicle across by land. Our transporters will meet you at each airport before and after your flight, so you can get back on the road, same day. Our transport for this service is an additional \$200 (USD) from Boundary Bay and \$300 from Abbotsford on top of our base rates for transport and brokerage. This **DOES NOT** include your airfare. Please contact San Juan Airlines directly for flight scheduling and rates.

Scheduling with us is done separately through

imports@bidbuyimporters.com
